

Accessibility Statement

Effective Date: August 18, 2026

Bower House is committed to ensuring digital accessibility for people with disabilities. We work to improve the accessibility and usability of the Bower House website located at bowerhouse.com (the "Website") and the Bower House mobile application (the "App," and together with the Website, the "Services") and to apply relevant accessibility standards.

We strive to make the Services accessible and usable for all users, including individuals who rely on assistive technologies such as screen readers, screen magnification software, voice recognition software, and alternative input devices.

Our goal is to conform with the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA standards wherever reasonably possible.

If you experience difficulty accessing any content, feature, or functionality of the Services, please contact us at support@bowerhouse.com or by telephone at (310) 751-4262. Please include a description of the issue and the feature you were attempting to access. We will make reasonable efforts to provide the information or functionality you need through an alternative method and to improve accessibility where appropriate.

Bower House welcomes feedback regarding the accessibility of the Services and is committed to ongoing improvement. The Services may contain links to or integrations with third-party websites, services, and content that are not under our control. We are not responsible for the accessibility of third-party content.
